Gratitude & Joy

A coordinated collection of envelopes, Scripture cards, and dedication labels. Each collection includes six envelope designs, 24 cards, and 24 matching labels. All files are in US English and formatted for US Letter paper.

Before you print

US LETTER · 8.5 x 11 INCHES · PRINT AT ACTUAL SIZE

1. Start with the test file

Open `Print_Test_US_Letter.pdf`. Print pages 1-4 for Soft Color, 5-8 for Editorial, 9-12 for Botanical, or 13-16 for Minimalist. Each group produces one envelope and four cards on two double-sided sheets.

2. Keep the original scale

Select US Letter, portrait, Actual size or 100%, one PDF page per side, and flip on the long edge. Turn off Fit, Shrink, booklet printing, and borderless expansion. Do not stretch or reduce the templates.

3. Check the printed result

The scale line must measure 50 mm (1.969 in). Hold the sheet to a light to check the registration crosses. Printer feed can shift or tilt the back. The continuous backgrounds tolerate small shifts; they do not fix large shifts or scaling errors.

4. Choose suitable paper

Use double-sided matte paper: 120-160 gsm for envelopes and 180-220 gsm for cards, within your printer's limits. Print labels on thin plain paper or adhesive paper. Use a color setting without ink-saving mode.

5. Keep front and back paired

In each collection PDF, print pages 1-2 together, then 3-4, and so on. Odd pages are envelope outsides or card fronts; even pages are interiors or card backs. Cut only by the front or outside marks.

Cut, fold, and personalize

CONTINUOUS BACKGROUNDS · SEPARATE DEDICATION LABELS

Envelope assembly

Cut around the outside outline. Score the four edges of the 100 x 70 mm center rectangle: left, right, top, and bottom. Fold the side flaps inward first, then the lower flap. Glue only the overlap areas, keeping the pocket open. Leave the upper flap unglued so the envelope can open and close.

Patterned interiors

The pattern fills a broad rectangular area on the reverse sheet. It intentionally extends beyond the envelope outline. Do not cut to the edge of the printed pattern. The front outline is the cutting guide.

Cards and dedication labels

Cut each card by its front crop marks. Its back is a continuous matching color without text or a frame. Print the labels single-sided at 100%, cut them out, and attach them to the card backs after cutting. The card number below each label identifies its match. Write the recipient beside “To” and the sender beside “With love, from”.

Finished dimensions

Envelope: 100 x 70 mm (about 3.937 x 2.756 in). Card: 90 x 60 mm (about 3.543 x 2.362 in). Label: 60 x 35 mm (about 2.362 x 1.378 in). US Letter is 215.9 x 279.4 mm. The product dimensions are unchanged from the original collection.

Printing near the edges

A narrow unprinted margin at the sheet edge is normal on many printers. Keep borderless enlargement off: the usable product area remains inside the sheet. Check one finished envelope and card before printing the entire collection.

Bible text

The 96 card passages were checked against the World English Bible, US-spelling Protestant edition hosted by eBible.org. This edition uses LORD in the Old Testament. Scripture is in the public domain. The verse headings in this guide link to the corresponding chapter and verse.

Excerpts

Some cards use an exact continuous excerpt of a verse. These are identified in the guide, while the cards show only the book, chapter, and verse. Initial capitalization and final punctuation are normalized for display. Wording is not translated from the Spanish cards or mixed with other Bible translations.

Design

Envelope illustrations, interior patterns, palette, card borders, crosses, and label artwork are retained from the original collection. The envelope phrases and guide are adapted into US English. Type: Cormorant Garamond by Christian Thalmann, licensed under the SIL Open Font License.

US Letter layout

Every PDF page measures 8.5 x 11 in (612 x 792 points). Product shapes retain their original physical dimensions. Opposite sides share the same centered placement. Wide reverse backgrounds and separately applied labels reduce visible effects of small print-registration shifts.

Physical print check

Digital checks cannot guarantee a printer's mechanical registration, paper feed, or color output. Always print a test at 100% before a full run. Printing on A4 or using Fit changes the intended sheet setup.
